

TRAINING DAY ON INDICATORS

As part of the SIS 2023 conference, a training day on indicators was organised, not only for anyone wishing to approach the topic, but also for those who, having already dealt with the subject from a scientific point of view, would like to deepen some of its applications.

Facoltà di Economia “Giorgio Fuà”
Università Politecnica delle Marche – Ancona

20 June 2023

- h 10.45 Institutional greetings
- h 11.00 Multidisciplinary reflection around indicators (complexity, quality and quantity, multidimensionality, explanation and prediction).
Alberto Peruzzi – University of Florence
Flavio Comim – IQS/Ramon Llull University di Barcelona
- h 12.00 General introduction on indicators (Filomena Maggino)
- h 13.30 Light lunch
